## Fully Guided Bear hunting

Fishing /bear hunting combination OR strictly bear hunting

We offer trophy bear hunting in Northwestern Ontario in one of the most black bear dense regions in the province.

Our bear management area is exclusively for our use and accessed by road and water.

Because we have a large wilderness area and take only a limited number of bear hunters per season we are able to assure you the opportunity of a very successful fall bear hunt.

Be sure to bring warm clothing, hunter orange vest and hat, previous hunting license, firearm of choice, soft gun or bow case, scent lock suit, bug jacket or repellent, personal safety gear and harness, Thermocell, rain gear, extra footwear and gloves, sunscreen.
